Well as you know I am at Western University doing a BA in Kinesiology! I will hopefully be able to come and visit next Friday (the Friday before thanksgiving) because it would be nice to say hello to you and some of the younger APGA athletes as well as to pick up my diploma.

Cheers!

Kathryn

Ps...It was wonderful to see Kathryn during her visit. We are excited that her sister(currently in grade 8) has registered and will be joining the APGA program next year.....rhythmic gymnast as well!
