

Hi Ms. Ruprecht! *May 1st, 2006*

Thanks for sending us the newsletter. It's always nice to get an update on how everyone is doing. I wish I could come in to see you and everyone once in a while. My semester will be over May 20. However, I am going to stay here for another 6 weeks after that to get another course done. So unfortunately I won't be able to come say HI at all this year. I am glad to hear about all the great news. Congrats on everyone getting scholarships. It sounds like there are more scholarship athletes this year than ever before. Nice!
Bye for now!

Hi Ms. Ruprecht! *Nov 6/05*

It was so nice to hear from you. I miss everyone at home so much, especially APGA, but I'm having a great time here. School is going well, and gymnastics is going well. We are training hard for the up coming season. Our first competition is Jan 3rd in Hawaii! Time is going so fast. I feel like I just got here, and now we are already choosing classes for next semester. My main focus for this semester is Psychology, next semester will be Biology. I think my major will lie somewhere in those two directions. Well, I hope everything is going well at Northview. Say Hi to everyone for me. I won't be able to come say Hi at christmas, but hopefully I will at the end of the year. So I'll see you then!
