

Hi Ms. Ruprecht

Sat, 01 Oct 2005

This is Sergei V. How have you been?

I am doing well. I like Western and my floor has some really nice people on it. It doesn't get too crazy. We are the quiet floor, so it's possible to get some sleep. I have a girl from NYAC who knows Arthur and remembers us practicing water polo as a floor mate. What a small world.

Also, Emily lives across the street =) All of my 5 classes are interesting and the professors are good.

I didn't try out for any teams; however, I do swim every week and go to the gym sometimes. As for the team sports we want to start an intramural team for soccer in the winter.

I also joined two clubs: one for my program that is sort of a mentorship club and another one is called "Athletes in Action". It is a big organization that can be found in 40 different countries. They work in the community with kids sports programs, varsity athletes on campuses, Major League players(NFL and CFL I think), in addition to Olympic athletes. It's a Christian club that helps athletes to combine their faith with their sports. Lots of fun and a great learning experience.

Yesterday we went to see a London Knights game who were playing Owen Sound. They lost 3-4. Their record is not good this year (0-0-4-0). Today there is a homecoming and a football game against York. It's a big annual event here.

Well, I will get going but just wanted to ask you how is everything with you? Did your summer go well? What is new with APGA?

I hope everything is going great for you!

Plus I wish to come and visit sometime,

Have a great weekend,

Sergei
